The diagram illustrates two separate components, each with five nodes and four edges. The left component has nodes labeled 1 through 5, and the right component has nodes labeled 6 through 10. The edges in both components are identical in structure: (1,2), (1,3), (2,4), (3,4), and (4,5) for the left; and (6,7), (6,8), (7,9), (8,9), and (9,10) for the right.
